illustrated by interviews with women and men in the tourist resorts in the Sinai Egypt this book opens up the debate surrounding sex tourism by examining the way in which holiday romances between western women and native men are linked to a much wider romanticism of place and people which is used to sell these destinations the work provides insights into gender issues to do with globalization travel and sexuality

the coming of materials science both covers the discipline of materials science and draws an impressionistic map of the present state of the subject the first chapter examines the emergence of the materials science concept in both academe and industry the second

and third chapters delve back into the prehistory of materials science examining the growth of such concepts as atoms crystals and thermodynamics and also examine the evolution of a number of neighbouring disciplines to see what helpful parallels might emerge the book contains numerous literature references many refer to the earliest key papers and books while others are to sources often books offering a view of the present state of a topic early references are to the past but as the book continues it brings the reader up to date with more recent sources the author professor robert cahn frs has striven to be critical about the history of the discipline of materials science and to draw general conclusions about scientific practice from what he has discovered about the evolution of materials science further issues that the book highlights include what is a scientific discipline how do disciplines merge and differentiate can a discipline also be interdisciplinary is materials science a real discipline a large range of themes is presented in the book and readers are invited to interact with the author if they reach alternative conclusions this book is not just for reading and reference but exists to stimulate thought and provoke discussion as well

irresistible my aviation title of the year rowland white stupendously brilliant completely addictive james holland the most explosive book about aircraft ever jim moir aka vic reeves from the terror and exhilaration of first world war dogfighting to the dark arts of modern air combat here is an enthralling ode to that most brutally exciting of machines the warplane the hush kit book of warplanes is a beautifully designed highly illustrated collection of the very best articles from hush kit the world's leading alternative aviation online magazine combined with a heavy punch of new and exclusive pieces it contains a wealth of brilliant material from top 10 lists and historical deep dives to interviews with legendary fighter pilots and expert analysis of weapons tactics and technology this knowledge and impeccable research is balanced throughout with the irreverent attitude wicked satire and sharp eye for the absurdities of the aeronautical world that have made the magazine so popular with its readers the book itself is also a stunning object featuring first rate photography alongside original specially commissioned artwork inside it you will find interviews with pilots of the f 14 tomcat the mirage the mig 25 the english electric lightning the rafale and the b 52 among others comprehensive surveys including the ultimate biplane fighters 10 incredible cancelled military aircraft and aviation myths you shouldn't believe fascinating insights into obscure and overlooked warplanes unbelievable accounts of the most bizarre moments in aviation history and much much more

the architecture of newfoundland typically evokes images of spare but colourful houses and outbuildings by the sea newfoundland modernreveals another dimension that challenges this impression in over 220 drawings and photographs robert mellin presents the development of architecture in the decades immediately following newfoundland's 1949 union with canada newfoundland's wholehearted embrace of modern architecture in this era affected planning as well as the design of cultural facilities commercial and

public buildings housing recreation educational facilities and places of worship and premier joseph smallwood often relied on modern architecture to demonstrate the progress made by his administration mellin explores the links between smallwood and modern architecture revealing how smallwood guided the development of numerous architectural projects he also looks at the work of two innovative local architects frederick a colbourne and angus j campbell showing how their architecture was influenced by their life long interest in art the first comprehensive work on an important period of architectural development in urban and rural newfoundland newfoundland moderncomplements mellin s award winning book on the outport of tilting fogo island
