more than fifty years after the beginning of the women s movement women are still not making it in traditionally male careers women start their careers on parity with men but generally end them far earlier having achieved less status lower compensation and less satisfaction than men breaking through bias explains that it is the stereotypes about women men work leadership and family that hold women back and it presents an integrated set of communication techniques that women can use to avoid the discriminatory consequences of these stereotypes this highly practical book makes clear that women don t need to change who they are to succeed in their chosen careers and they certainly don t need to act more like men women do however need to be attuned to the negative gender stereotypes that surround them they need to anticipate the biases these stereotypes foster and they need to manage the impressions they make to avoid or overcome these biases breaking through bias presents unique practical and effective advice about how women can at last break through gender bias in the workplace and win at the career advancement game

in the increasingly globalized twenty first century cross cultural communication and knowledge of culturally informed health practices are critical skills for women s health providers around the globe for women s health is a concise culturally sensitive and clinically relevant guide that aims to increase health equity through prevention and improved clinical care for women around the world case based chapters highlight clinical issues such as obstetric fistula malaria and postpartum hemorrhage and barriers to care the unmet need for family planning or limited radiotherapy in low resource countries for example around the globe for women s health is a must have resource not just for physicians

considering working in another country but all providers seeking to provide better care for diverse populations of women within the united states

discussing the civilizatory crisis and processes of refeudalization this volume brings into dialogue two of the most creative approaches in olaf kaltmeier and edgardo lander to rethink capitalism in the 21st century in part 1 olaf kaltmeier takes issue with the state of social inequality in the region highlighting the concentration of wealth within the upper 1 of society in latin america comparing the current economic situation with the ancient regime the discussion centers around the new phenomena like billionaires as president increased luxury consumption an emerging culture of distinction and the intensification of land and spatial segregation in part 2 lander urgently assesses the current state and political legacy of the pink tide governments in his essay crisis of civilization reviewing the past two decades of the new millennium lander critiques the failure of these governments to provide alternatives to extractivism and economic dependencies finally hans jürgen burchardt connects the arguments through interviews where both authors sum their efforts to open the issues to future dialogue refeudalization in latin america provides an accessible and thought provoking political diagnosis from the global south which departs from the oft idiosyncratic and cyclical debates of the global north to offer new vocabulary for social change it will interest scholars and students of global studies sociology and political science

southeast europe s history of the last two centuries is marked by deep transformations and upheavals the emergence and disappearance of states ethnic conflicts and wars changes of political systems economic crises migration movements and natural disasters most of these upheavals have been experienced as deep crises forcing people to adapt to often radically new situations this can cause crisis management to become a permanent way of life the book focuses on the cultures of crisis it analyzes the reactions of societies or individuals to them their impact on everyday life on peoples strategies of coping on the processes of adaptation and on peoples attitudes focus is placed on crises relating to migration and post socialist transformation to politics and religion and to labour relations series ethnologia balkanica vol
