in 1935 the united states congress began employing large numbers of american artists through the works progress administration fiction writers photographers poster artists dramatists painters sculptors muralists wood carvers composers and choreographers as well as journalists historians and researchers secretary of commerce and supervisor of the wpa harry hopkins hailed it a renaissance of the arts if we can call it a rebirth when it has no precedent in our history women were eminently involved creating a wide variety of art and craft interweaving their own stories with those of other women whose lives might not otherwise have received attention this book surveys the thousands of women artists who worked for the u s government the historical and social worlds they described and the collaborative depiction of womanhood they created at a pivotal moment in american history

from the award winning author of dressing up a riveting and diverse history of women s hair that reestablishes the cultural power of hairdressing in nineteenth century

america in the nineteenth century the complex cultural meaning of hair was not only significant but it could also impact one's place in society after the civil war hairdressing was also a growing profession and the hair industry a mainstay of local national and international commerce in *beyond vanity* elizabeth block expands the nascent field of hair studies by restoring women's hair as a cultural site of meaning in the early united states with a special focus on the places and spaces in which the hair industry operated block argues that the importance of hair has been overlooked due to its ephemerality as well as its misguided association with frivolity and triviality as block clarifies hairdressing was anything but frivolous using methods of visual and material culture studies informed by concepts of cultural geography block identifies multiple substantive categories of place and space within which hair acted these include the preparatory places of the bedroom hair salon and enslaved peoples quarters as well as the presentation places of parties fairs stages and workplaces here are also the untold stories of business owners many of whom were women of color and the creators of trendsetting styles like the pompadour and gibson girl bouffant block's ground breaking study examines how race and racism affected who participated in the presentation and business of hair and according to which standards the result of looking closely at the places and spaces of hair is a reconfiguration that allows a new understanding of the cultural power of hair in the period

this book envisions the imminent arrival of fully robotic haircutting systems with commercial practicality driven by advancements in technologies such as 3d printing cnc machining artificial intelligence and robotics the evolution of haircutting has reached significant milestones from manual cutting to self cutting devices yet as of 2024 no commercially available haircutting robots exist offering a pioneering exploration of the theoretical foundations for these innovations the book integrates insights from robotics ai and aesthetic design to address challenges like precision safety and customization it serves as a valuable resource for researchers entrepreneurs and professionals seeking to lead the development of cutting edge haircutting solutions with its forward looking perspective the book lays a roadmap for transforming personal grooming through multidisciplinary innovation
